### 1957 Will Get Diverse Welcome

When 1957 makes it bow at midnight next Monday night it will be greeted in diverse ways. There will be watch services in most of the churches in the area that will attract many.

And there will be scores of family and neighborhood parties. Many persons go to public places for the occasion and establishments in the area catering to New Year's Eve celebrants report advance reservations as heavy.

In Mokena there will be parties at Kreml's Korner and Muehler's tavern.

Valley View Farm Restaurant on Route 30 expects to have a capacity crowd and at Frankfort the Frankfort tavern is prepared to help in welcoming the new year.

Tom's Truck Stop, at Lincoln Estates will have a crowd and at Tinley Park many merry-makers will use the facilities of Saenger's hall.

The 6 and 7 restaurant, at the junction of highways of those numbers, is accepting reservations for table and provision also is being made to accommodate standing-room celebrants.

And, of course, there will be many persons, possibly the majority, that will stay at home and either be in bed before midnight or a very few minutes thereafter.

### Lions Will Hold Paper Drive In Mokena Tonight

The Mokena Lions club will make its regular monthly pick-up of paper and scrap tonight,

### Two Suffer Injury Thru Falls on Ice; Both Hospitalized

Mrs. Elizabeth Anderson, Homer correspondent for The Semmler Press, is suffering from a broken right hip as a result of a fall last week when she slipped on the ice.

She was leaving the home of a son, Eugene on Cedar road, Homer township, when the accident occurred, about 5 o'clock on Tuesday evening, Dec. 18. Mrs. Anderson was removed to Silver Cross hospital where she was operated last Friday and a pin inserted.

Mrs. Anderson will resume her role as correspondent as soon as possible but in the meantime she asks that persons with news call her daughter-in-law, Mrs. Bruce Anderson at Lockport 849 M.

Another fall victim was Albert Maue, 54, formerly of Mokena and now of Tinley Park. He slipped on the ice a week ago Sunday, Dec. 16, and suffered a brain concussion. He was taken to Silver Cross hospital, unconscious. Mr. Maue has since regained consciousness but has been unable to speak. He is the brother of Mrs. Francis O'Brien, postmaster of Mokena.

Dec. 27, and persons with such items to dispose of are asked to place them at the curb and turn on their porch lights as a signal to pick-up crews to stop.

The workers will begin their rounds at 7 o'clock. They are: William Munch, Arthur Omland, Charles Rezek, Roy Richardson, Norval Robinson, John Scarth, Kenneth Sherwood, George Siegel and Al Sorensen. Ray Westlund will serve as dispatcher.

### Pick Winners in Decoration Contests at Mokena, Frankfort

Wendell Morrison, of Frankfort, and Joseph Smiel in Mokena were the top winners in the annual Christmas home decoration contest in these two communities.

There was no division for business firms in the Mokena contest but at Frankfort the award in this category went to the B. & M. Lumber Co., for the third time, thus giving it permanent possession of the traveling trophy.

Second place winners in the home decoration contests were, Lynn Kohlhausen, in Frankfort, and Russell Anderson in Mokena.

Third place prizes went to Mayor George Sangmeister at Frankfort and to Fred Dearborn in Mokena.

The prizes at Frankfort were \$25, \$15 and \$10—at Mokena \$15, \$10 and \$5.

Judges at Mokena were, Henry J. Breidert and William G. Wilson of Frankfort, and Attorney Michael Orenic, of Joliet. Judges at Frankfort were from Mokena, George Carlisle, Attorney Ray Hooleman and George Devlin.

The contest at Frankfort was sponsored by the Lions club of that community while the sponsor in Mokena was the Civic Association.

Householders to receive honorable mention in the contests are:

Mokena: Charles Burkhardt, Jr., Glenn Crawford, Robert Fortman, James Goerres, John D. Kenner, Henry Koenig, Fred Lehmann, Robert Peterson, Otto Stadel, James Raffauf, B. J. Tomaska.

Frankfort: Isabell Harmening, Al Hochberger, Francis Sinnott and Ray Putnam.

The community Christmas party sponsored by the Mokena Civic Association was well attended. Carols were sung under the direction of Glenn L. Miers, music instructor in the Mokena grade school, and Santa was present to hand out candy and crackerjack.

Sometime during Friday night or early Saturday morning the community Christmas tree was apparently deliberately wrecked.

The act was attributed to malicious morons.

### Funeral Today For G. B. Peterson. Formerly of Marley

Funeral services for George B. Peterson, 85, former Marley resident who died Monday, will be held at 1:20 this afternoon at the Sonntag funeral home, 221 Herkimer st., Joliet with the Rev. Roy Hamer, pastor of the Marley Community church officiating. Interment will be in the Platville cemetery.

Mr. Peterson was born and raised in Kendall county and farmed there until 1935 when he retired and he and his wife came to Marley to reside with a son Glenn. The wife, Josephine died in 1953 and since that time

### Injuries Fatal to E. E. Mueller Of Frankfort

Ervin E. Mueller, 46, Rt. 1, Frankfort, died Monday evening at 7:15 o'clock in St. James hospital Chicago Heights, from injuries suffered in an automobile accident last Saturday morning, Dec. 22.

His was the only death resulting from highway accidents in Will county during the Christmas holiday rush that saw a new record set in the nation—almost 700.

Mr. Mueller, who was a crane operator for the Acme Steel Co. at Riverdale, Ill., was driving a pick up truck along the Monee-Manhattan blacktop road Saturday morning when the vehicle went off the road and overturned. The accident occurred about 6:45 o'clock and approximately four miles west of Monee.

In the truck with Mueller was George F. Baker, 45, who lived at the Mueller home. Both suffered severe injuries and were taken to St. James hospital where they arrived about 8:30 Saturday morning. Baker is still hospitalized.

A coroner's jury was impaneled at the West End funeral home at Chicago Heights yesterday morning but the inquest was continued until Baker is able to testify. He is the only witness.

Mr. Mueller was born at Frankfort July 9, 1910 and had resided in that area all his life. Besides his wife, Ina, he is survived by five sons, Ernest, of Chicago, Glenn, who is now in Germany with the Air Force; Edward, Ervin, Jr., and Ralph, of Frankfort, two daughters Elsie and Ina, also of Frankfort, his mother, Mrs. Emma Mueller, and a brother, Roy, of Monee, and four grandchildren.

Removal was to the Sonntag funeral home, 221 Herkimer st., Joliet, where services will be held Saturday afternoon at 1 o'clock with the Rev. Erdman Frenk officiating. Burial will be in Pleasant Hill cemetery. Friends may call at the funeral home this evening between 7 and 10 o'clock and tomorrow from 2 to 5 and 7 to 10.

January 1 became generally accepted as the first day in the year in 1752.

Mr. Peterson has been living at the Shady Oaks nursing home in Joliet.

On Sunday he went to Melrose Park to spend Christmas with another son, Dale. He became suddenly ill and died Monday.

Besides the sons he is survived by three grandchildren. One of them is Virginia, Mrs. Loren Sass, of Marley.

Forty housing units are planned for personnel at the Orland Park NIKE site by the federal government.

This is part of a housing program under which 350 dwelling units are to be erected at NIKE sites in the Chicago defense area.

Sixteen units are to be erected at Naperville and the same number at Homewood. Arlington Park is to have 74.

They are to be built under the provisions of the National Housing Act as amended and is now generally referred to as the Capehart Amendment.

The Corps of Engineers, U. S. Army, designs the projects, obtains the real estate, lets the contracts and supervises construction.

The low bidder forms a corporation and receives loans guaranteed by FHA.

The law provides that the total average cost of any development shall not exceed \$16,500 per unit including cost of utilities, sidewalks, grading, landscaping, inspection, government costs and FHA fees.

The houses at Orland, Naperville and Homewood are to be single family, ranch type frame buildings, with two and three bedrooms. Floor space for the 2-bedroom jobs will be approximately 1,000 square feet and for the 3-bedroom homes there will be an additional 500 square feet, it was said.

If a site has been selected in the Orland area it has not been announced. It was said that location of building sites would not be made public until they have been approved by army authorities at Washington. A site need not be in the immediate vicinity of the NIKE installation. If it is within 10 minutes driving time it will be O.K. No definition was given of driving time.

Construction on most of the houses contemplated under this program is expected to begin in July, 1957 and ready for occupancy by the spring of 1958, it was said.

It was announced by the army that every possible effort has been made to comply with all zoning restrictions and local ordinances.

### Swanberg's Team High in Fruitcake Sales Campaign

It's unofficial yet, because the sale of fruitcakes by the Mokena Lions does not end until next Monday, Dec. 31, but it appears that the winning team will be that captained by Charles Swanberg.

Members of the team, who will get a free dinner for their endeavors, are George Bills, Harold Clarke, Ray Hooleman, William Lowe, Kenneth Sherwood, Lyman Teague and John Williamson.

Final results are not in from this or the five other teams, nor have all the receipts been turned in. Four hundred cakes were distributed among the sales crews and it is assumed they have been sold.

## Caterpillar Has Open House for High Schools

Any high school or college student in and around Joliet can have a busman's holiday at the Caterpillar Joliet plant Dec. 26-28 when a three day open house will be held on an information basis.

Training Manager, Jerry Plank said yesterday a program has been formed to let students see for themselves the operation involved in industry such as Caterpillar's and to learn about career opportunities in store for high school and college graduates.

Plank said colleges and schools in fifteen neighboring communities have been invited in addition to Joliet's educational institutions.

Yesterday, about 15 representatives previewed the program at the plant and with the plant's training staff discussed ways to further develop the three day event for maximum interest to students.

On each of the three days, two tours will be conducted—one at 9:00 am. and the other at 1 pm.

Tours will be followed by visual displays, two miniature models of Caterpillar equipment in simulated field conditions, color slides and questions answered by departmental experts.

"One main objective," Plank said, "is to inform individual students as much as possible. Rather than limit them to an ordinary plant tour we plan to answer 'special case' questions from individual students."

"A high school or college student may wonder how he will fit into industry such as Caterpillar's. We will have our people there to advise him on such matters. Students may also discuss educational work needed for industrial careers. They may be interested in specific area of work, such as accounting, engineering, manufacturing and metallurgy, as well as any one of our training courses."

Students may come to the plant either individually or in groups. Special parking facilities will be set up, and escorts will meet visitors at the plant entrance.

Plank said information concerning the three day open house may be obtained by phoning 3-0671, extension 453, Joliet.

## Jan. 31 Last Day To Apply for New Corn Allotments

Any producer who intends to plant corn in 1957 on a farm where there was no corn acreage during the years 1954, 1955, or 1956 must apply for a corn allotment if he wants price support on his farm in 1957. Mr. Roy Smith, chairman of the Will County Agricultural Stabilization and Conservation committee said today.

Marketing quotas do not apply to corn, the chairman explained. However, under the present program, the production of corn in 1957 on a farm which has no corn acreage allotment would make the corn produced on such farm ineligible for price support in 1957.

Application forms for a corn allotment are available at the County ASC office. Jan. 31, 1957 is the last day such applications may be filed. The Will county office is at 564 N. Chicago st., Joliet. The Cook county offices are at Tinley Park and Arlington Heights.

## Learn of Scouting In Scotland

Thirteen bonny lasses of Tinley Park were an interested audience as Mrs. Vincent Van Slyke, of 6537 Hubbard Lane, tells them of Girl Scouts in her native Scotland. Eleven of the girls are members of troop 335; their leader is Mrs. James Cheney. The remaining two are members of troop 97; their leader Mrs. Eleanor Blue. See story page 4, section 2.) (Semmler Press photo.)

## Farm Fire Victims Using House Trailer for Temporary Quarters

The W. Dean Troxel family, whose 9 room residence was destroyed by fire Dec. 14, is now living in a 47 foot long house trailer. The Troxels operate the farm owned by Edwin Gee, of Orland Park, located on LaPorte road, about two miles southeast of Mokena.

The Troxels had been staying with the Edwin Yunkers since the fire until last Friday, just a week after the fire, when Gee had the trailer delivered for use as a temporary home.

The house that had stood on the farm was practically destroyed by fire, the origin of which has not been determined. It is said that possibly a couple of rooms could be salvaged as a nucleus for another dwelling.

To replace a 10 room house now, it was said, would cost in excess of \$30,000.

Firemen from Mokena, Frankfort and New Lenox battled the

fire for several hours. It was discovered around 2 o'clock in the afternoon by a neighbor, Roy Kohl. He could see the smoke coming out of the kitchen and turned in an alarm. Mrs. Troxel was shopping at the time and Mr. Troxel was working in the barn. There is a daughter, Linda, who was in school at Mokena.

Firemen had a difficult task as the blaze had worked into the walls, and was difficult to reach.

Neighbors and firemen succeeded in getting most of the furniture and some personal effects out of the house. Quite a number of things, however, including clothing, were destroyed or made useless thru smoke or water damage.

Mr. Gee was not available this week for comment as to future plans for rebuilding.

There was no damage to any outbuildings.

## Hold Rites for R. P. Brennan At St. Michael's

Funeral services for Raymond P. Brennan, of Orland township, were held yesterday in St. Michael's Catholic church, Orland Park, with the Rev. Frank Coyle officiating. Burial was in the church cemetery.

Mr. Brennan died in his winter home in Miami Shores, Fla., Wednesday, Dec. 19, of a heart attack.

He was born April 1, 1894, in Chicago. He was the son of Mrs. Alice Cavanaugh, of Chicago, and the late Michael J. Brennan.

He and the former Amelia Hick, of Tinley Park, were married Nov. 23, 1921. They lived in Chicago and later moved to Tinley Park.

Mr. Brennan owned and operated a restaurant and gas station on route 45 and 159th st. for 26 years, which he enlarged and remodeled several times. He also built a service station and motel several years ago at the opposite corner, named Don's after his son Donald Brennan, a race car driver, who was killed in a race on Sept. 24, 1948.

Mr. Brennan served with the U. S. Navy in World War I, for seven years.

He is survived by his wife Amelia, daughter Mrs. Carolyn McAleer, of Orland; one granddaughter, his mother Mrs. Cavanaugh, two brothers, Howard, of Chicago and William of Providence, R. I.; also two sisters, the Misses Mary and Katherine, of Chicago.

He was a member of the Blue Island Elk lodge 1331 and Orland American Legion 526.

For either the corn allotment or the soil bank program to work, farmers must reduce their production of feed crops, believes a University of Illinois farm economist.

Dutch youngsters put their wooden shoes before the fireplace on Christmas eve.

## Red Cross Short Of Goal for Hungarian Aid

Will county and Chicago chapters, American Red Cross, are still short of the Hungarian relief quota. The chapters are appealing to all residents of the area to project the Holiday spirit of giving toward this humanitarian Red Cross operation. Even a dollar will help if there are enough of them.

A bulletin received from the National Red Cross reads as follows: "Time is slowly closing the only door the persecuted freedom-loving people of Hungary can look to for relief in their wretched plight. The Red Cross in its band of Red Cross societies is that only opening—the one relief agency allowed to operate behind the Iron Curtain. The door closed a little more since yesterday. For today there still was no assurance that the American Red Cross, chief mainstay to the Red Cross Hungarian relief efforts, was anywhere in sight of its campaign goal of \$5,000,000 which represents the very minimum of money—actual hard cash—needed NOW to meet immediate needs. The door to stave off hunger, sickness, to provide shelter, heat, and clothing for Hungarians can only remain open on the proven ability of the Red Cross to handle this job... and quickly! A nationwide survey indicates the campaign will fall short of its goal unless more chapters step up actual solicitation. Actual cash is needed at once at national headquarters to purchase food, clothing, medicines, and other minimum necessities for the destitute Hungarian people."

Give your donation at your local bank or mail checks or cash to Red Cross Headquarters, Will County Chapter, 155 Scott Street, Joliet, Ill. or Chicago Chapter, American Red Cross, 5 N. Wabash.

January 1 became generally accepted as the first day in the year in 1752.

## Youth Dies Of Accidental Gunshot Wound

Roy Vernay, 19 years old, of 146th and Smith road, Lockport, is dead as a result of a gunshot wound suffered in the early morning hours of Dec. 16 at his home.

He died yesterday, Dec. 26, at Silver Cross hospital where he was taken by his bride, Sandra, immediately after she found him lying in the driveway at their home, with a gunshot wound in the abdomen.

According to the report of Sheriff's Deputies Stanley Drake and Sherman Davis who investigated the case, Vernay apparently was accidentally shot while drawing a shotgun out of his car by the muzzle.

He was the adopted son of Mr. and Mrs. Christal Koehler, Homer township. Mr. Koehler is a building contractor who is well known in this area.

The young couple had been married about a week prior to the shooting, according to the report. On Saturday, Dec. 16, Roy had gone to the home of his foster parents to get some articles to take to his new home. Among the things he put in the car was a single barrel 12 gauge shotgun.

The report states that Roy and a friend of his, Roy Nona, 16, 143rd and Bell road, Homer, had been riding around that Saturday night. The Nona boy was driving, according to the report at the sheriff's office, because young Vernay had been drinking. A coupe of bottles of beer were found in the car later by deputies, along with some empties. Some empty beer bottles also were found alongside the driveway, apparently having been jerked out of the car, the report states. Nona told deputies he did not know where Roy had gotten the beer. Vernay could not be questioned of his condition.

Deputies said that the rear of the car was a jumble. The rear seat was on the floor. They believe that the gun was lying with other things and that when it was pulled out it was discharged and the charge of shot struck Vernay in the abdomen.

Mrs. Vernay said it was about 4:30 Sunday morning when she heard the shot and when she got outside her husband was lying in the driveway. Nona was staying all night at the Vernay home. He said he had been asleep but was awakened by a sound that he later found to have been a gunshot. He and Mrs. Vernay rushed Roy to the hospital.

Mrs. Vernay told deputies that she had tried to get her husband to go to bed that instead he had been roaming in and out of the house for a couple of hours prior to the accident.

Coroner Willard G. Blood has not set a date yet for the inquest.

## Leaky Mains Cause Trouble

Mokena residents had a thirst period last Thursday afternoon. In hunting for one leak workmen accidentally caused another that necessitated shutting down the entire water system until repairs could be made. The village was without water for about an hour and a half but there was ample supply in the storage tank in the event there had been a fire.

It began with a search for a cut-off valve to shut down a private line running from the main to the Harry Lorenz home on Division street. The workers were using a digging machine. A buffalo box, that apparently had been covered over some time previously and thus concealed from view, was hit by the digger. Came the deluge.

In order to make repairs it was necessary to shut down the main water supply at the pumping station.

Incidentally the cut-off valve was located and the leaking line leading to the Lorenz home was shut off. This line is said to be of three-quarter inch galvanized pipe. Village officials informed the owner that it would have to be replaced with copper tubing.

## School Teachers Injured When Cars Collide on Rt. 54

Two cars driven by local school teachers collided on route 54, north of Kankakee, Wednesday evening Dec. 19. Occupants of both cars were taken to St. Mary's hospital in Kankakee, none seriously injured.

Miss Helen Joan Wolter, 31, Mrs. Schubert (Mable) Dankers, 46, both of Kankakee, and her sister, Mrs. John (Vivian) Boyd, 46, of Bradley, teachers at Peotone High school, were enroute to a Parent-Teacher association meeting at the school. According to the police report, Miss Wolter who was driving, applied the brakes when a panel truck in front of them stopped to make a left turn into a service station at Indian Oaks, causing the car to spin into the south-bound lane and into a car operated by LeRoy Wright, 36, of Frankfort.

Wright, a teacher in Frankfort public school was driving to a religious meeting in Kankakee, accompanied by Harold Mausehund, 63, of Peotone.

The victims suffered lacerations and abrasions, Mrs. Dankers, and injury to the left arm and Mrs. Boyd, a back injury.

## Lions Assist Hungarians

Expressing their desire to give aid and assistance to Hungarian refugees, more than 600 Lions Club thruout the United States have, in one week contributed more than \$27,000 to a relief fund. With each mail, contributions continue to pour into Lions International headquarters in Chicago, according to Clarence L. Strum, vice president of Lions International.

Strum also stated that Lions clubs in Austria are contributing food, money, and clothing to the refugee families and the Vienna, Austria Lions club members are so busy handling Hungarian relief work that they have been forced to temporarily discontinue their regular meetings. The Lions clubs of St. Etienne, France has contributed 100,000 French francs; the German Lions clubs have been sending food shipments to refugee centers in Austria; the Lions of Denmark have raised a fund of 7 million Danish kroner (equivalent to more than \$1,000,000 U.S.) and have equipped a complete hospital unit in Austria for the benefit of the Hungarian refugees; Lions club in Italy are sponsoring Hungarian refugee children and the Udine, Italy Lions club has contributed 500,000 Italian lire; Lions clubs in Sweden have sent several carloads of food and clothing to Austria for the refugees. This week, the Lions club of Belmont, California announced it will sponsor three Hungarian refugee families when they arrive in the United States.

Lions clubs thruout 77 countries of the world are pledged to create and foster a spirit of generous consideration among the people of the world thru a study of the problems of international relationships. "Countless numbers of Lions welcome this opportunity to send food, money, and clothing to Hungarian refugees and to sponsor Hungarian families arriving in the United States and consider it an expression of their desire to give aid and assistance to the brave people of Hungary who are now suffering tremendous hardships," Strum said.

## Lists Charles Rinke Estate at \$1,412

A petition asking that George Rinke, of Mokena, be appointed administrator of the estate of his brother, Charles, who died last Oct. 26 without leaving a will, has been filed in the office of Probate Clerk E. B. Workman by the law firm of Robson, Masters and Ryan. The estate is valued at \$1,412 in personal property.

Three brothers and a sister, all of Mokena, Paul, George, Irvin, and Elizabeth, are listed as heirs-at-law.

Horse races in which horses are entered before they are born are called futurities.

## Mrs. Trudie Swisher Hostess at Garden Club Christmas Party

Mrs. Trudie Swisher was hostess to the Tinley Park Garden club at its Christmas party December 20 for the sixteenth time. As members and guests gathered in the beautifully decorated living room, each placed a gaily wrapped gift beneath the tree for the gift exchange.

Mrs. Bob Memhard, president, conducted a brief business meeting. Among the communications read was a note of thanks from the Oak Forest hospital for the club's remembrances during the year and a greeting was received from Mr. and Mrs. Frank Brockman. The group voted to send a gift check to Mrs. Shirley Blaylock. Also mention was made that Mrs. Amanda Nielsen and Mrs. Harry Mager had presented a jacket to Mr. Hilding Anderson.

An interesting and informative program was planned by Mrs. Swisher for the afternoon. Several musical selections were given and short readings were given which portrayed Christmas in other lands. Club members took part in the entire program.

Luncheon was served from a gaily decorated table. To conclude an enjoyable afternoon, Santa made his appearance to distribute lovely Christmas packages, a gift from the club president, Mrs. Bob Memhard.

Guests of the afternoon was Mrs. Glenn Ames and Mrs. Randolph Hahn.

## Painting Class At Foundation To Begin Jan. 3

An afternoon painting class will start at the Community Center Foundation, 127th and Southwest highway, Palos Park, Thursday, Jan. 3 from 1:30 to 3. Mrs. Marvin Kutchinski will give the instruction in such a way that both beginners and advanced painters are able to take advantage of it.

During the ten week period demonstrations in water colors and oil techniques will be given. However, students may work in any medium they desire—pastel, casein, watercolor or oil. Something lovely can be drawn with no more than a pencil. The principles of art will be carefully reviewed and criticism given on work done.

## Orland Park Woman's Club Meets With Mrs. Karl Ekberg

The Christmas party of the Orland Park Woman's Senior club was held in the home of the president, Mrs. Karl Ekberg, December 19. A covered dish luncheon was served at 1 o'clock, followed by a short business session.

The following recommendations made by the executive board were passed: Contributions to Lincoln lodge, Cancer Prevention center, YMCA, and Orland Park volunteer fire department, also the Community Center Foundation.

Mrs. Harry Pihl, chairman for the cancer dressing meets, announced that the group will meet at the home of Mrs. Stanley Ray, Wednesday, Jan. 9 at 10 am.

Mrs. Adele Cooper read a newspaper item about a man who has been hospitalized for 15 years in the Cook County hospital and asked if the members would send him Christmas cards

## Will County Home Bureau Executive Board Has Meeting

The executive board of the Will County Home Bureau met Monday morning in the home of the president, Mrs. Edward Berens, 19 N. Hickory st., Joliet. Mrs. Clair Hemphill, Mrs. Wilbur Lauffer, Mrs. Peter Bruno, Mrs. Harold Scheer, Mrs. Arnold DeMik, Mrs. Howard Kurkamp and Mrs. Gailen Holloway were in attendance as was also the Home Advisor, Mrs. Betty Shinn.

Routine reports were given. Mrs. Kurkamp, program chairman, announced that Mrs. Paul Stetler from Elwood and Mrs. Ralph Smith from Manhattan will work with her on program planning.

Mrs. Berens named the following to complete her committees: Health, Mrs. Ivan Archibald; Music, Mrs. Phil Goodwin; school, Miss Hazel Cowell; legislative, Mrs. Earl Keniston; Home safety, Mrs. Emmett Hepler.

Mrs. Bruno and Mrs. Holloway were appointed to the HIA board. Mrs. Scheer will attend the HIA state convention in Springfield on Jan. 17 and 18.

Mrs. Berens and Mrs. Lauffer were appointed to be voting delegates to farm and home week at the University of Illinois on Jan. 29. Mrs. Holloway will serve as alternate.

## Sandburg High Alumni to Have Dance January 3

The evening of Tuesday, Jan. 3, 1957, will find the Carl Sandburg High school gymnasium transformed into a "winter wonderland", the scene of the annual alumni dance sponsored by the National Honor Society.

Student committees have spent many hours working on the decorations, the invitations, and the other plans which promise to make this Snowflake Symphony one of the most enjoyable affairs of the season.

Invitations have been issued to all recent alumni for whom accurate addresses could be determined. All other alumni and their guests are also invited to help make the affair a success.

An orchestra from LaGrange will provide music for dancing from 8:30 to 11:30 pm. The members of the National Honor Society urge all Sandburg students and alumni to take advantage of this opportunity to greet old friends and acquaintances. Chaparones will be Mr. and Mrs. W. L. Brown, Mr. and Mrs. Richard Compton, Mr. and Mrs. G. W. Davidson, Mr. and Mrs. Donald Hopkins, Mr. and Mrs. Ed Klocke and Mr. and Mrs. Frank Wing.

## Legion Auxiliary

The American Legion auxiliary met Dec. 14 in the Legion hall. Betty Gager was voted in as a new member.

The unit is collecting used clothes and low heeled shoes for the Hungarian relief. Mrs. Frances Rowden, 17104 S. 67th Court will be glad to receive such donations and if not at home, same may be left on her porch.

Rehabilitation chairman, Mrs. Lois Freitag expressed her appreciation for the many candy bars received during the recent drive from all the schools.

Since this was a combined meeting and Christmas party, games were played and gifts distributed. Hostesses were Doris Johnson, Hilda Johnson, Anna Schoeneck, Dorothy Diekmann and Gertrude Jacobs.

The Past Presidents met Dec. 18 for their Christmas party in the home of Mamie Brandau. Florence Memhart and Mamie Brandau were hostesses.

Christmas Eve the Auxiliary served oyster stew at the Orland Park convalescent center. This marked the 25th anniversary for this event.

## Chicago Auto Show to Open On January 5

The revived National Automobile Show, which closed in New York City Dec. 16, will be transplanted to Chicago whose \$15,000,000, 49th renewal will be presented in the International Amphitheatre, 42nd and Halsted sts., from Jan. 5 thru 13.

Most of the spectacular displays from the National Show began to arrive last week as part of the elaborate preparations for a Chicago exposition expected to draw a record half million visitors.

Exhibits that fascinated hundreds of thousands of easterners will be an important part of the exposition here, which additionally features experimental and "dream cars", foreign cars and parts, accessories and equipment displays.

Production cars only were displayed in the National Show, but the Chicago exposition is able to present additional features because of the vast extra space.

Three weeks will be required to transform the vast amphitheatre into a fabric draped, brilliantly lighted jewel case, with the work force on a round the clock schedule the last few days before the formal opening.

The exposition is sponsored by the Chicago Automobile Trade Association, whose president is C. J. McCorkle. Don C. Mullery is chairman of the Executive show committee, and Edward L. Cleary, CATA executive vice president, is show manager. Cleary said:

"Our show is literally constructed from the walls and the ceilings in—that is, the background materials, satin and percale, will be hung first so that the decorative background will give the effect of a jewel case. As an example 20,000 square yards of material will be needed to mask the ceiling of the 180,000 square foot exposition hall alone. That is where the passenger cars will be displayed

"The ceiling cover will be in the form of white panels with golden border trim, and the sidewalls will be draped in cream colored fabric. The 54 pillars will be decorated in white satin which will be pleated to resemble ancient Greek columns and at the base of each will be gold flower boxes."

In the central arena the "Motorevue of 1957" stage presentation will be offered twice daily on a stage 123 feet wide, 70 feet deep, and 73 feet high from floor to ceiling. There, warmth of coloring will be the keynote—terra cotta percale, and emblems of every American motor car company in the main arena, with a tremendous white satin backdrop and front curtain of gold lame in free form design on the stage.

The Chicago Show is presented entirely at main floor level for the second straight year, with approximately 290,000 square feet devoted to the scores of individual displays. Cleary added: "When the setting is complete, the final step is the same as in any important production—it is time for the entrance of the stars. And, the stars of the Chicago Automobile Show are the cars. The 1957 models of every make will be brought into the Amphitheatre a day or two before the opening. The 20 community beauty queens are busy with costume fittings and rehearsals. The girls will appear with the new models of the various makes in the pageant of new cars, highlighting the "Motorevue of 1957."

## Uncle's Revenue Crews are Ready To Aid Taxpayers

In the Joliet area, taxpayer assistance will be offered from Jan. 14 thru April 15, and will be limited to Monday and Tuesday of each week, according to M. J. Lawless, supervisor of the Joliet office of the federal internal revenue department.

"A better job can be done at less cost to the government by helping taxpayers in groups on special days so that on other days the internal revenue serv-

ice can carry on the other work which provides the revenue necessary for the maintenance of our national economy," Mr. Lawless said.

"Self-help" will again be stressed during the 1957 filing period as a dominant feature of taxpayer assistance program.

Taxpayers are asked to complete as much of their return as possible before seeking help.

### Cook County Personal Property Assessment for 1956

This publication is the official notice to property owners, of the 1956 personal property assessments made in the town and district indicated.

#### RETURNS AND ESTIMATES

THE LAW PROVIDES THAT WHERE A PROPERTY OWNER FAILS TO RETURN A SWORN SCHEDULE LISTING HIS PROPERTY THE ASSESSOR OF COOK COUNTY MUST ESTIMATE ITS VALUE ACCORDING TO HIS BEST JUDGMENT AND INFORMATION, AND ADD THERETO A PENALTY OF 50 PER CENT. ASSESSMENTS RAISED ON ESTIMATES AND RETURNS HAVE EQUAL STANDING IN LAW.

The amounts herein listed are the assessed values of personal property as of April 1, 1956, as determined by the Assessor of Cook County.

The amount listed as the assessed value is not the tax. The tax may be determined by multiplying the assessed valuation after it has been equalized by the Department of Revenue of the State of Illinois, by the tax rate in the Town and District in which the property is assessed. The Assessor has nothing to do with the equalization of values or the establishing of the tax rates.

#### BASIS OF COMPLAINT ON ASSESSMENTS

Where a property owner has a specific claim of over or under valuation, complaint may be filed with the Board of Appeals in the County Building immediately after this notice.

#### INFORMATION ON ASSESSMENTS

Each property owner who has any questions in regard to the same, should inquire at the office of the Assessor of Cook County, Room 312, County Building. Information will be furnished without cost.

FRANK KEENAN,  
Assessor of Cook County

## SCOUT NEWS

### Tinley Cub Pack 253

Mrs. Harmon Smith, Den mother of Pack 253, entertained members of her den at a Christmas party at her home on Tuesday of last week. Scouts enjoyed roasting weiners and marshmallows at the fireplace. Mr. Smith assisted with the games planned for the evening.

The Dec. committee meeting for Pack 253 was called to order at the Zion Lutheran Parish hall on Dec. 19 by Robert Simenson, cubmaster assisted by David Templeton assistant cubmaster and Harold Peterson, chairman. These gentlemen recently completed the University of Scouting course held at Bremen high school. Also attending the course was Walter Gindville and Irwin Ernst, Jr.

Plans were completed for a pack party to be held Dec. 28 at 8 p.m. in the parish hall. Pack 253 is sponsored by the Brotherhood of Zion Lutheran church. Den Chiefs, John McDaniel and Chuck Vladika, assisted the cubmaster in presentation of Bobcat pins and neckerchiefs to Bobby Simenson and Lawrence Hargrove.

### BREMEN HIGH

Wednesday evening, Dec. 12, 1956, at 8 p.m. the Bremen Community high school PTA meeting was held. The meeting was called to order and the usual proceedings took place. T. R. Birkhead, Superintendent, made a few remarks about the activities scheduled for the school.

The unusual part of the meeting was the program arranged by Miss Janice Bark, dramatic coach, Paul Sharfenberg, band director, and Miss Ruth Schmidt, choral director for BCHS. Miss Bark coached one of her students, Karen Tower, in a reading of "The Littlest Angel." The Bremen high school vocal octet, coached by Miss Schmidt, which included Tom Thompson, Monty Barnard, Preston Wakeland, Norman Jensen, Marlene Barnes, Darlene Lynn, Gayle Graham, Pat MacDonald and the accompanist, Dorothy Maciukenas, sang several selections from their Christmas repertory. Nancy Maihoff, Judy Coley, Peggy Montgomery and Lavern Janowski, members of the clarinet quartet, also appeared on the program.

## Bremen High School Notes

In observance of the most celebrated of Christian holidays thoughts and actions at Bremen high were touched with a spray of good fellowship and happiness.

Each teacher, student, and member of the administrative staff tried to contribute to that feeling reflected by the hearty greeting, Merry Christmas!

In one of the display cases on the first floor Mrs. Hilda Hemphill, instructor, and the Mathematics club constructed a Christmas and other decorative objects from aluminized paper in bright colors. The tree and the ornaments were made in shapes of polyhedrons, cubes, triangles and other mathematical shapes studied by the advanced classes.

Just across the hall from this display was the English department's contribution to the season.

Miss Susan Powers and Miss Jean Gunning, both instructors in the English department, arranged an abstract Santa Claus that extolls the virtues of giving books for Christmas.

In the classroom of John Stanfield, English instructor, a two dimensioned Christmas tree was seen. Most decorated trees have three dimensions—height, width and depth. This tree, however, was made on a large piece of beaver board and has only height and width. Pinned to the beaver board were the usual Christmas tree decorations of round glass ornaments and small electric lights.

Always a busy spot are the art classes of Leonard Madura. Busier than ever at this time of the year, however, since they made many Christmas decorations for the home and school. Some of the decorations show much ingenuity on the part of students and the instructor. One decoration, a kind of porcupine spiked ball made from small rolled cornucopias of paper and painted or sprayed with sequins, trim a bush completely bare of greenery. This might be considered to be a modern tree having all the advantages of a Christmas decoration with none of the disadvantages. More traditional decorations included small cages for sprigs of mistletoe made of paper spirals, stained glass windows made of colored cellophane; crayon etchings in Christmas motifs and Christmas cards.

The cafeteria came in for its share of decorating too. On each window of the south side of the building large paper cutouts in the shape of angels have been pasted. Each cutout represents an angel in a different posture. On the four doors providing entrance to the cafeteria are found large aluminized paper candles. The tapers are three feet high.

In the central hallway near the main entrance are found a large traditionally decorated Christmas tree. With its cherry glow, it provides a Christmas greeting for each student, teacher, and visitor as they enter the school building.

The sounds of Christmas not overlooked. From the far end of north the north wing of the building occasionally came music as the Advanced Mixed chorus, The Advanced Girls' chorus, and our varsity band, under the direction of Paul Scharfenberg and Miss Ruth Schmidt, rehearsed for their annual free Christmas concert, Dec. 16.

Like all Christian peoples everywhere, teachers, students, administrative staff, and all personnel of the Bremen Community High school are having a happy holiday. Happy New Year to You.

## ORLAND PARK

Mrs. Sherman Knox  
Orland Park: Fieldbrook 9-0211

Mr. and Mrs. George Burkhardt of Chicago and Mrs. Paul Arkema of Evergreen Park were luncheon guests of Miss Rose Enders, Dec. 19. The ladies are former telephone operators from Tinley Park.

Mrs. Karl Ekberg and Mrs. Sherman Knox took the coffee pot Dec. 12 and some cakes, and called on Mrs. Herbert Tappenbeck for an old fashioned "Koffee Klotz." Mrs. Tappenbeck is improving nicely since her operation.

The music club of the students of Mrs. Eugene Paschall met December 14 in the home of W. F. Stevens in Palos Heights. The afternoon was spent by the members playing piano solos, duets. Guests were Mrs. Franklin Loebe and daughter Priscilla, Mrs. Edward Ganch and Bobby, Mrs. Leo Szufnarowski, Mrs. Ralph Leslie and Carol and Allen Stevens.

Mr. Ivar Benson, Mrs. Karl Ekberg, Mr. and Mrs. Nels Benson and son, of Big Run Golf course, were guests of Mr. and Mrs. Carl Benson, Dec. 16 at a combined Christmas dinner and wedding anniversary. Nels and Carl are brothers of Ivar Benson Clifford Horn of Orland Park and Harold Breitbarth of Tinley Park served as pall bearers for their cousin, Louis Breitbarth of Truman, Minn. who died suddenly Dec. 14, and was buried Dec. 18. The deceased was a nephew of Mrs. Robert Horn. Other relatives who attended the funeral were: Hilbert Schulz, Mrs. John

Farenholz, Adam Breitbarth and Walter Mager, all of Tinley Park

Last Tuesday, Santa Claus of the Orland Park Fire department, delivered Christmas gifts to all the kiddies in Orland Park

Richard Yang and wife Jeanne of the Andrew Corporation laboratory, 143rd st., became the parents of a seven pound son Thursday, Dec. 20, born in Silver Cross hospital, Joliet. They have named the baby Allen. Mother and son are doing fine. The Yang's have two daughters.

Jiro Mizuno of Lombard and friend were Christmas dinner guests of the Rev. and Mrs. Robert L. Plastow, Friday evening Dec. 21.

Mr. and Mrs. Wm. Atkins and children Sandy, Christy, Conny and Tommy of Fennville, Mich. were weekend guests of Mr. and Mrs. Thomas Cooper.

Mrs. Thomas Cooper entertained the study group Tuesday evening, Dec. 18. There were 14 present and they studied the Christmas message, and played games. Luncheon was served. Each participant added to the joy of the evening.

Mr. and Mrs. Ralph Show have moved into their new home on 147th street in Orland Park and entertained at a house warming Sunday. Guests were their parents, Mr. and Mrs. Thomas Cooper and Mr. and Mrs. Ernest Show, also Mr. and Mrs. Charles Cooper.

Orland students home for the holidays from the Illinois university are Mary Elizabeth Blewett, Alan Rex Cole and Charles Edward Peterson.

BY JOHN ALLEN

**Southern Illinois University**  
Many customs, practices and beliefs have followed along with man through centuries of time. It may be of interest at this season to observe some of them, particularly those that have become attached to the world's most widely observed anniversary, New Year.

This does not necessarily mean the New Year is the most widely observed anniversary of Christendom. Here it is rivalled by Christmas. Observance of the advent of a new year, however, is made by many millions of people living in other than Christian countries. The date set aside by other people as a point from which to measure time is not always Jan. 1; in fact, the Western World has not always used the present New Year date.

The two present anniversaries of Christmas and New Year once were observed together and with many of the present practices. Until long after their beginning it was apparently not so much an observance of a particular day or days as it was the observance of a season of several days. When a distinction was made between the two days and they became separated thru church and state action, certain common practices of the season became attached to the one of the other days. Many of the customs that were consistent with Christian principles became a part of the Christmas festival.

This practice of borrowing from established customs was encouraged by Pope Gregory IX, about 1230 A. D., wrote to Augustine of Canterbury, "Permit and even encourage such harmless, popular customs as are capable of Christian interpretation." With this approval of the church, many of the older customs in use took on a new significance.

Tho it is known that the custom of observing the beginning of a new year is an old one, considerable mystery surrounds its origin.

It appears that the practice began at a very early time and in widely separated places. Since we are more concerned with our own New Year, one of the explanations of its origin may be of interest.

In practically all of Europe a new year was thought of as beginning with the winter solstice that occurs by our present calendar on Dec. 21, the shortest day of the year. Since the days began to lengthen or "grow" after the solstice, it was only natural that they should reason that a new year had begun.

Pagan man did not understand the reasons for the sun sinking lower in the sky each day as the winter season approached. He thought that some god was withdrawing the sun and that unless the responsible god could be induced to halt the lowering and return the sun, it would entirely disappear below the horizon. Then there would be no more day; night alone would reign, winter would never end, there would not be another growing season, and man would perish in the continuous night and winter.

Primitive man, therefore, entreated his gods to halt the decline of the sun and to return it to its proper position higher in the sky. Incantations and sacrifices were made and rituals and ceremonies were enacted to induce the gods to reverse the sun's trend. When the winter solstice had passed and it became apparent that the sun had paused in its sinking and was once more rising higher above the horizon each day, the joy of man was great. The "unconquerable sun" was once more returning to bless man with another growing season.

Grateful as he naturally was for another summer and the opportunity it offered him to continue living, he gave expression to his felt joy. He sang, feasted, danced, and otherwise expressed his happiness. He implored the further good will of the gods and dealt kindly with his neighbor. His hope had been renewed. It was not strange, therefore, that when Christ

came bringing a new spiritual hope to the world that the element of hope and gratitude in the pagan custom was "capable of Christian interpretation", thus many of the olden practices of the season became attached to the newly established Christmas.

## Water Board Sues Peotone

The village of Peotone is in trouble with the state sanitary water board.

According to the board the village has made additions to its sewage system without permission from the state and without obtaining the necessary state certificates.

As a result the water board has filed suit in the Will county circuit court asking for an injunction to restrain Peotone from putting the sewer extensions to use.

The suit, first of its kind to be filed in the area by the state sanitary board, is based on the

state law that prevents and abates pollution of streams, lakes, ponds and other surface and underground waters.

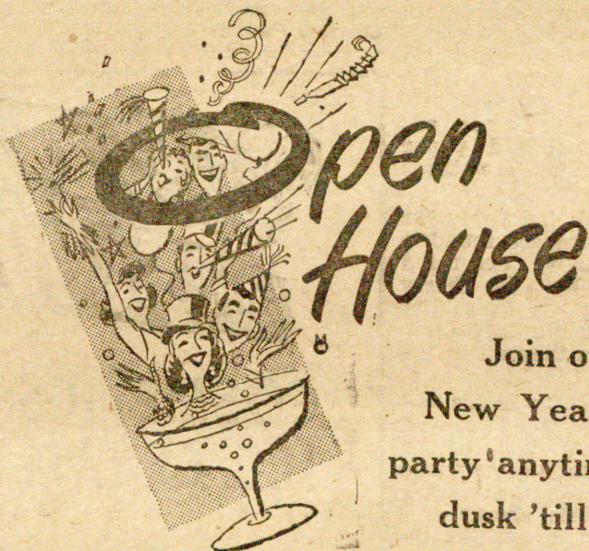

In the past the state health department has withheld action against villages, principally because villages lacked funds for sewers and sewage disposal plants.

State officials, however, have come to the conclusion that villages are no different than large cities—both being hard put to raise funds for improvements and that sewage from a small town was no different than sewage from a big one.

As a result the state has been threatening action against the smaller communities and in the case of Peotone it is no longer talking but acting.

A "hurricane inspector" calm and efficient enough to weather the Gulf of Mexico's worst storms, and make notes on what happens inside them, is going to work soon for one oil company. The job: to learn how strong off shore drilling platforms must be for maximum safety. Actually, the "inspector" is a complicated mechanism geared to measure the force of waves, winds, tides and currents in waters over 100 feet deep, and up to 100 miles offshore. Instruments, whose findings are charted automatically, are housed in two watertight steel boxes, which will be suspended from a drilling platform.

Faneuil Hall in Boston was erected with lottery money.

## Grazing Soil Bank Land May Bring Penalties

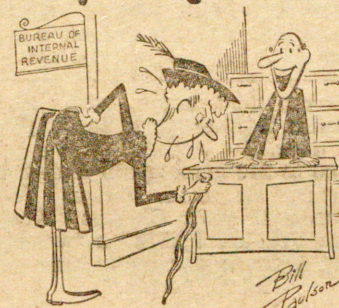

Soil Bank acreage placed in the 1956 soil bank program are not to be harvested or grazed during the remainder of this calendar year. This warning was issued today by ASC offices in Will and Cook counties.

With grain harvests completed, farmers may have a tendency to grow careless and permit livestock to run on designated acreage. Unless such areas are cleaned, tilled or the vegetation has been thoroly destroyed, such action will constitute a violation. This may require refund of payments already made plus in additional penalty.

Under existing procedures ASC officials will continue to spot check farms from this standpoint and will investigate all reported violations, continued Mr. Smith.

The Will County ASC office is at 564 N. Chicago St., Joliet; the Cook County offices are at Tinley Park and Arlington Heights.

### Card of Thanks

#### CARD OF THANKS

I am very grateful to all who sent cards, flowers and gifts to me while I was in the hospital.  
MRS. ALBERT SCHMUHL,  
New Lenox

We just cannot tell you how happy and thankful we are for the many people who called at the open house for our new green house held recently. We were happy to meet all, and pleased with the many expressions of praise extended to us.

MR. and MRS. JOSEPH BERNARDIN  
Mokena.

I wish to express my thanks to the Tinley Park inhalator squad and Dr. H. W. Feldman for the services rendered my husband, Alfred Maue, when he suffered head injuries due to a fall on the ice Sunday, Dec. 16.

### IN MEMORIAM

STEINBORN, Mrs. Elizabeth, In loving memory of our dear grandmother and great grandmother who passed away Dec. 27, 1955.

One year has passed since that sad day,  
When one we loved was called away,  
God took her home, it was His will,  
But in our hearts she liveth still

### Gives Hints on Sweater Care

The care you give your sweaters is perhaps more important than the kind of sweater you buy.

Jane Werden, University of Illinois textiles and clothing instructor, says the way you put a sweater on and take it off greatly affects its life. Do it slowly and easily and the neck and sleeves won't stretch too much.

Wash your sweaters or have them dry-cleaned before they become too soiled. To be on the safe side, measure them before washing so that you can block them correctly. Keep the wash and rinse waters the same temperature. Use a mild neutral detergent or a special cleaning compound that you can buy for use on sweaters.

Block sweaters while they are still damp. When you use a steam iron, just touch it gently to the sweater. In other words steam rather than press it.

There doesn't seem to be any way to tell whether a sweater will pill or ball, says Miss Werden. However, she suggests that you avoid any unnecessary abrasion, such as carrying books in the same place all the time.

Since synthetic fibers are stronger than wool, the pills or balls will stay on them; but will rub off wool fibers. You can remove pills or balls by carefully shaving them off with a razor.

Fold sweaters neatly and keep in a drawer for storage. Plastic bags will prevent them from snagging.

### Aliens Must Register as Such During January

Newly arrived Hungarians and Aliens in the Chicago area were warned that they must register during January under the Federal Alien address report program.

THE NEWS-BULLETIN  
Thu. Dec. 27, 1956 Sec. 1 Pg. 11

Immigration and naturalization district director Robert Robinson said failure to register can mean a penalty of \$215 fine, 30 days imprisonment and deportation.

The blanks can be obtained at the postoffice.

Robinson said last January one thousand persons registered in the three-state district of Ill., Wis., and Ind., with 165 in Illinois and half that number in Chicago.

The figure is expected to be up ten thousand next month for this district and up 2,750,000 in the country.

## Eagles Varsity Wins 62-49 but Frosh-Soph Squad Loses 34 to 24

BY FRED KIESLAR

Lincoln-Way Knights basketball teams split a twin bill with Sandburg last Friday evening at Sandburg. The Eagles varsity won 62 to 49 while the Lincoln-Way frosh-soph five triumphed 34 to 24. They were the last games to be played by the Knights in 1956.

The loss by the Knights last weekend was the seventh in nine starts this year.

Knights only show of strength came in the second period when they outscored the Eagles by four buckets but even so when the half ended the Eagles were on top 32 to 25.

Morris Wade was high point man for Lincoln-Way with 22 tallies, just two points back of Sandburg's Hill. Wade has scored 152 points to date and has been top banana in scoring for Lincoln-Way in seven of the nine games played this season.

Lincoln-Way's next appearance on the hardwood will be as host to Oak Lawn in a brace of conference games Jan. 4. The frosh-soph encounter will begin at 6:45 and the varsity game is scheduled to get underway about 8 o'clock.

In the Sandburg-Lincoln-Way frosh-soph tilt, L-W led 8 to three at the end of the first frame, 21 to 9 at the half 29-12 at the close of the third quarter. Sandburg was outscored 12 to 5 in the final period. But when the final gun sounded it was L-W 34, Sandburg, 24. Lincoln-Way frosh-soph standing show four wins as opposed to five losses.

Douglas Porick was high man for L-W with 10 points and McBride led Sandburg with six. So far Ron Sorrell is high point man for the Lincoln-Way frosh-soph with a total of 91.

## Orland Grade Basketeers Win

The Orland Park grade school basketball teams defeated St. Michael's Dec. 18. The heavyweights won 37 to 32 while the lightweights finished on top of a 30 to 10 score.

The Orland Park heavies started out strong only to blow a substantial lead that forced them to come from behind to win. Bob Kaiser made 18 points for the victors with Weibourn high for St. Michael's with 13 points.

The Orland heavies have now won four out of the five games they have played this season.

## Eagle Grapplers Beat Evergreens By Wide Margin

The Sandburg varsity wrestling team polished off Evergreen Park in easy fashion, 31 to 15 for its fifth win of the season.

The Sandburg grapplers took their one loss at the hands of Hinsdale, 24-22 and had a draw with Joliet. Three of the Sandburgs, Ron Zinn, Al Jaklich and Dave Gibson have been undefeated in their seven appearances. Frank Liston and Roger Chatlosn have each lost one match.

On the frosh-soph squad, which incidentally also won from Evergreen Park, 33 to 23, Tom Barton, a 154 pounder, and Paul Johnson, 112, are undefeated.

Results of the matches with Evergreen Park:

## Tinley School In 2nd Annual Ludwig Tourney

A team from the Tinley Park school is entered in the second annual Ludwig school invitational basketball tournament in Lockport, Dec. 27, 28 and 29.

Other teams entered are East Aurora Junior High school, Valley View, Plainfield, Franklin Junior High school, Braidwood, Chaney and Ludwig.

The Tinley squad travelling to Lockport with coach William Kosteck, are Bruce Rodger, Jim Casey, Rich Zawadzki, Steve Grossman, Bob Hansen, John Szaton, Vernon Sloan, Chuck Albright, Harold Stege, Bill Zawada, Walter Goebel and Ronnie Rodger.

Coach Kosteck is optimistic of his team's chances in the tournament.

The Ludwig team claims the Tinley highweights, who beat them in an exhibition game, have been their toughest opponents this season. Tinley's toughest opponent was West Harvey. The local team's first game will be at 3:15 p.m. today against Franklin Junior High school, of West Aurora.

The tournament will start at 2 p.m. today with East Aurora playing Plainfield.

**Elimination Contest**  
The Ludwig school invitational tournament is a double elimination contest with a traveling trophy to be retained by the school winning the tourney three times in succession.

Retainable trophies will also be awarded the first, second, and consolation place winners, with individual awards to the five players selected as tournament all-stars. The tourney winner must agree to defend the title next year.

An individual trophy will be awarded the most outstanding athlete in the tourney with factors such as sportsmanship, attitude, and ability considered.

To be eligible, players must weigh 115 pounds or less and be under 15 years of age.

All proceeds derived from admission and concessions will be used to further the tourney in some manner.

Refreshments prepared and served by the Ludwig school parent-teacher association will be available.

## Orland Youth Wins Numerals on Frosh Grid Team

Kenneth Young, son of Mr. and Mrs. Willis G. Young of 14910 S. 108th ave., Orland Park, has been awarded freshman numerals for his play with the 1956 Valparaiso university freshman football squad.

The VU frosh group, termed by their coach Ralph Starenko as "one of the best groups in several years", was undefeated in their two games this year.

Limited to two games by an Indiana Collegiate Conference ruling, the little Crusaders tied strong Thornton Junior College 7-7 and defeated a Wheaton College reserve team, 20-0. Thornton was ranked high in the nation's junior colleges at the end of the year was under consideration for at least one post-season bowl berth.

Mrs. Lois Gilchrist was hostess to the members of the VFW Auxiliary, at their Christmas party Friday night in her home on Lincoln highway. Bunco was the evening's diversion and prizes were awarded to the Mesdames Lorraine Bunch, Carol Klausung, and Adonia Meitsner. A short business meeting was held after which they awarded the doll to Marcia Meitsner.

Luncheon was served at the table decorated in keeping with the holidays. The group enjoyed a gift exchange.

Mrs. Clarence Luther underwent surgery Dec. 12 in Silver Cross hospital.

Twenty members of the Homemakers met Dec. 20 for their Christmas party at the home of Mrs. Phillip Koeller with Mrs. Theodore Schuh, assisting. Carols were sung and games were played by the group. Secret pals were revealed and new names were drawn for next year. Desert-coffee was served by the hostesses. Mrs. Betty Farron and Miss Beverly Fosnough were guests.

Miss Dotte Jean Anderson entertained at a Christmas party in her home Thursday night. The evening was spent informally and a gift exchange enjoyed, followed by a luncheon served at a table decorated in keeping with the holidays. Guests were, the Misses Arlene Otis, Evelyn Rowswell, and Margaret Campbell.

Mrs. Albert Schmuhl returned Thursday from Silver Cross hospital where she underwent surgery Dec. 12.

The Buttons and Bows Square dance club will have a New

Year's Eve party in the Episcopal church basement. Mrs. Eileen Feil is chairman of the food committee; and Fred Feil is chairman of the committee in charge of the decorations and noisemakers. Meetings for Jan. will be held the 2nd and 4th Friday night of the month instead of the 1st and 3rd, as previously scheduled. The group enjoyed a 5-piece orchestra at their last dance and hope to have them again in the near future.

Mrs. Rudy Stelter and son Wayne Randolph returned home Friday from Silver Cross hospital.

### Christmas Guests

Miss Caroline Bentley entertained in her home Mrs. Alta Agate and Ralph Agate of Orland Park, and Dr. and Mrs. George Agate and son David of East Lansing, Mich.

Mr. and Mrs. William Bergman had as their guests their niece and family, Mr. and Mrs. Roy Leitz and daughter Ginger of Lombard.

## Suggests Auto License Plates As Self Gift

Secretary of State Charles F. Carpentier today urged motorists to "give yourself a belated Christmas present — get your 1957 automobile license plates."

Mr. Carpentier said that after a heavy flow of applications during the reassignment period and on the first day of over-the-counter sales in Springfield and Chicago, volume has dropped off.

At present, employees of the automobile department are not receiving enough mail applications to keep them working at peak capacity, and any applications received now can be processed faster than will be possible later, Secretary Carpentier said. At the two over-the-counter outlets, he said, there is no waiting in line now and plates can be obtained in a matter of a few minutes.

# FARM NEWS

For  
Cook County  
by  
W. F.  
Whiteside

assistant farm adviser

Elmer Meyer, Dolton, field man for the sugar beet acreage in Cook county tells me that the beet allotment has been increased to 2,200 acres for 1957. Elmer is interested in talking to farmers who might want to raise beets.

H. L. Cletcher, Lockport, soil analyst for this county, reports 6,520 acres of soil tested this year on 119 farms. Mr. Cletcher also tested 347 garden and lawn samples. This acreage is pitifully small in comparison to the amount of tillable land. Of course many acres are tested by canneries and commercial laboratories. I won't tell you where to test, just test, don't guess.

An extra 100 pounds of weight on a dairy heifer at first calving time may mean that she will produce 14 to 22 pounds more butterfat every year she is in the herd.

This does not mean you should keep dairy heifers fat. You should feed them in such a way that they will grow rapidly and develop into large cows with plenty of body capacity.

Flowering plants are welcome Christmas gifts to brighten a home. But their loveliness will soon fade if they are not given proper care.

Since gift plants are usually in full bloom when you buy or get them, they almost always need prompt watering. Keep the soil moderately moist so that the plants will not wilt. Watering from the bottom (immersion method) is generally the best method, but there should be some way for the excess water to drain off.

Except near a window the average room does not have enough light to allow a plant to carry on the process of manufacturing food. Flowering plants do best when placed in a south, east or west window just out of the direct rays of the sun. Do not place them near radiators, air conditioners or in drafts. Keep the temperature at not over 75 degrees F. during the day and 15 to 20 degrees lower at night.

Promptly remove the withered blooms and damaged or diseased leaves. This will help keep the plant healthy and attractive and may help to keep it in bloom.

I heard, recently, from a visitor to my office that Americans

are getting stronger. Twenty years ago it took two men to carry ten dollars worth of groceries, today any youngster can do it.

Here are some helpful hints on how to select, store and use fireplace wood for most satisfactory results.

Heavier hardwoods are generally better for fuel than the lighter ones, according to the specialist. Apple, beech, black locust, hedge, osage orange, hickory, oak, pear and sugar maple are the best fireplace woods. Ash, black cherry, elm and silver soft maple are good, while basswood, catalpa and cottonwood are fair.

Select dry wood with less than 20 percent moisture if you can, and wood that is sound and has not started to rot. Fireplace wood is usually cut into pieces 16 to 24 inches long, and wood over 10 inches in diameter should be split into halves or quarters.

Best wishes for a joyous and safe holiday season.

## Deadline for G.I. Insurance Is Next Monday

Willard A. Manning, administrator of the Illinois Veterans' Commission, announces that servicemen being separated from the Armed Forces before Dec. 31, 1956, must make application for their G. I. Insurance on or before that date. This insurance is for five-year term. It is non-convertible and is non-participating.

Prior to the enactment of the Servicemen's and Survivors' Benefit Act (Public Law 881, 84th Congress), the serviceman had 120 days from the date of his separation from the service to apply for this post-service insurance policy.

The new law ends the issuance of this insurance effective Jan. 1, 1957 and thereby establishes the deadline Dec. 31, 1956, even though less than 120 days have lapsed since separation.

Veterans eligible for this insurance are those who were ordered into active service for 31 days or more since June 27, 1950. Eligible veterans separated

form service since Sept. 1, 1956 who wish to apply for the insurance before the deadline date must make sure their applications are accompanied by the proper premiums. No medical examination is required. They must make certain their applications are received by the Veterans Administration by Dec. 31 or are postmarked on or before that date. A postmark of Jan. 1, 1957, or later, will not be accepted.

This does not apply to those servicemen who may suffer from a service-connected disability. These men have 12 months from date of separation or the date the disability was determined to be service connected.

Application may be made thru your nearest Illinois Veterans' Commission Office.

In Cook county, veterans should contact the Illinois Veterans' Commission Service Officer at 166 E. 154th st. in Harvey. In Will county the commission office is at 201 N. Ottawa st., Joliet.

## Chronically Ill Need Home Link

Cook County's Oak Forest Institution medical record librarian Mrs. Mary Rose Curtis, 5604 Ingleside ave., has returned from a workshop on standards and procedures for medical records and reports in chronic disease hospitals.

Quoting Washington opinions Mrs. Curtis said "Isolation from the home community is a most serious danger for the patient. Therefore effective communication between the chronic disease hospital and the community is most essential."

"Conferees reported the chronically ill patient is often equally a social problem as he is a medical problem, and they recommended that this fact be reflected in the medical record."

Mrs. Curtis told a staff meeting "there was great stress on rehabilitation therapy being reported in the medical records currently."

## Harsh Abrasives Can Mar Sinks

The sink is probably one of the busiest places in your home, and it needs special care to keep it bright and shiny.

Dorothy Messerschmidt, resident supervisor of the University of Illinois home management house, reminds you that scouring powders are available in varying degrees of harshness and that you should use as mild a one as possible on your sink.

Harsh abrasives can scratch the surface of the sink. These scratches form crevices that collect grease and dirt. As more dirt collects, you scrub with more scouring powder and it becomes a vicious circle.

One noted authority on household equipment suggests using only baking soda in new sinks.

If stubborn food stains form, you may need to use a bleach. Put one-half inch to one inch of water into the sink and add two or three tablespoons of chlorine bleach. Swish the solu-

tion around the sides with a dish cloth. Let stand about five minutes and then drain.

When rust stains form, wet the sink and sprinkle a rust removing cleanser on it. Rub with a damp dishcloth until the stain disappears. Be sure to rinse thoroughly. A caution here—use rust removing cleanser for rust stains only—not for daily cleaning.

Also remember never to clean chrome trim with scouring powder because it damages the finish. To clean chrome use only soap and water. Then dry with a cloth or paper towel.

## That's The Law

### When May A Witness Refuse To Testify?

In recent years the privilege against self-incrimination has become one of the most familiar of the many civil rights embodied in our Constitution. Widespread publicity of recent investigations by various legislative committees has made the privilege a topic of frequent discussion and considerable controversy.

The historical origins of the privilege are rather obscure. Some legal historians trace its beginning as far back as the Twelfth Century of the English common law. It has also been suggested that the privilege may have originated as a protection against the ancient practice of "trial by ordeal". Under this system an accused person who entered a plea of not guilty was

subjected to extreme physical torture. If he survived, he was considered innocent. If he succumbed he was declared guilty.

#### Principle Emerges

Long after the practice of trial by ordeal passed from the scene, physical torture was frequently and legally, employed in the courts of England. Persons suspected of treason were arrested and tortured for the purpose of obtaining a confession of guilt. This was usually done before any formal accusation had been made. During this period the principle clearly emerges that "no man should be required to accuse himself." At this state of its development, the principle thought of as a right available in court to refuse to answer questions. It was not until the middle of the Seventeenth Century that the privilege, as we know it today, began to take solid hold in the English common law.

#### Written Into Constitutions

The principle that no man should be made to give evidence against himself found its way into the law of the American colonies as a heritage of the English common law, although evidence of its operation during the colonial days, is rather sparse. In 1791 the 5th Amendment to the United States Constitution was enacted that "no person shall be compelled in any criminal case to be a witness against himself." The Constitution of the State of Illinois also contains this provision.

The privilege against self-incrimination permits a person to refuse to testify as a witness in any court proceedings, civil or criminal, if he can establish that the testimony called for might cause him to be punished for violation of a criminal law. He may refuse to testify about his past activities which might have been unlawful.

#### Must Show Danger

A witness cannot claim the privilege as to a question which appears to be harmless on its face, or which, if answered, would tend merely to disgrace him or harm his reputation. Questions can be avoided by use of the privilege only if the witness can establish that the answer, he may be held in contempt of court.

In contrast, the defendant in a criminal case may refuse to take the stand at all.

#### Where Privilege Available

The privilege against self-incrimination is generally invoked before judicial tribunals, but it is also available to witnesses called to testify before grand juries, congressional committees

and similar bodies.

Our system of government has complicated the application of the privilege. The courts have held that, generally, the privilege is not available before a federal court to protect a witness against possible criminal punishment by a state, and vice versa. Thus, a witness cannot refuse to testify in a state court as to his violation of the federal income tax laws. The courts have held that the privilege is available only to protect the witness himself. Thus, Jones cannot refuse to testify on the ground that his answer might incriminate Smith.

#### Current Divergent Views

The recent surge of congressional investigations has brought the privilege against self-incrimination into public view. Many are concerned at the witnesses' refusals to give forthright answers to questions regarding their loyalty.

Some legal scholars have concluded that the historical basis for the privilege no longer exists, and that the protection against self-incrimination today serves only to protect guilty persons from the punishment they deserve. On the other hand are those who contend that the privilege is still a valuable bulwark against the abuses of a police state. They point out that law enforcement agencies should not be allowed to rely for proof of crimes upon the testimony of the accused himself, but must be required to obtain independent proof of the crime before hailing the accused into court to defend the charge.

#### Jobs Lost After Refusal

Disagreement also exists as to whether persons who refuse to make a full disclosure as to loyalty by use of the privilege should be discharged from their jobs. For example, some teachers and government employees have lost their jobs after refusing to testify before congressional committees and loyalty boards. There are those who believe that to discharge the employee for this reason is to prevent the privilege by using it against him. Others contend that the protection of the privilege exists only in the courtroom, which has been fully complied with because the witness was not punished for contempt of court for refusing to testify. They say that the privilege is not intended to protect in a vital job one who is unwilling to disclose fully his loyalty to the government.

These and other divergent views have arisen in recent years. As time goes on and new problems develop, other disagreements will undoubtedly arise over the application of the privilege against self-incrimination. As vigilant citizens, we should think about these important and current problems with a view to their proper resolution.

(This column is written to inform and not to advise. No person should apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.)

## Girls Get Facts Of Scouting in Foreign Country

A part of the international friendship program of the Girl Scouts and one of the requirements for their second class badge is to converse with some one from a foreign country to learn their habits and customs, especially in regard to the scouting program.

For this purpose, a group of Tinley Park Girl Scouts met with Mrs. Vincent O. Van Slyke in her home at 6537 Hubbard Lane, last Thursday.

Three of the girls were from troop 297, their leader is Mrs. James Cheney. Mrs. Madsen accompanied the girls.

They asked their hostess many interesting questions about her native Scotland, which she left ten years ago to come to America.

As she had been a Girl Scout in Scotland, Mrs. Van Slyke was able to give them pertinent facts about scouting in the land of the heather.

The uniforms, she informed them are of a different color. They are blue and gold. The girls were anxious to know if Scotsmen still wore kilts and what part of Scotland she came from.

Mrs. Van Slyke pointed on the map to a small town on the North Sea, just north of Aberdeen in the Highlands of Scotland.

The programs in the two countries are very similar, she said. They enjoy camping and hiking and study first aid. Neatness is stressed, she added, and every meeting is preceded by a complete inspection.

If there had been time, Mrs. Van Slyke could have told them about the bombing of Britain during the last World War. The hospital where she served as a nurse, in Manchester, England, was bombed several times, and suffered many casualties.

Mrs. Van Slyke is the mother of two sons, Tony, 10, and Jerry 8, pupils at St. George parochial school.

The interesting afternoon for the local Girl Scouts was highlighted by cokes and cookies.

Cub Scout Pack 41 met Tuesday night Dec. 18 in the Schmuhl school and had a nice Christmas party that was sponsored by the out-going Lions club. Gifts were presented to all the Cub Scouts and their brothers and sisters. The Cubs in turn presented the gifts that they had made for their parents.

Michael Newman read the Christmas story according to St. Luke; and the following boys took part in giving the program entitled "The Night Before Christmas": Randy Konkel, Freddie Cortright, Steve Wright, Kenneth Madsen, George Pokorny, Eddie Meyers and Mike Newman.

Christmas carols were sung by the boys and the parents. Refreshments were served by Mrs. Cortright. Randy Konkel received a Silver Arrow.

Mrs. Walter Thode who underwent surgery the early part of the week, at Silver Cross hospital returned home Saturday.

Mr. and Mrs. William Stoner and daughter were Christmas guests for a breakfast in the home of her parents, Mr. and Mrs. W. A. Provance in Joliet. They were dinner guests of his sister, Mr. and Mrs. Roland Spire at Joliet.

Kathy Taylor has recovered from a seige of chicken pox just in time for Christmas. She and her parents, Mr. and Mrs. Robert Taylor and her sister Barbara went to Eola, to spend the day with Mrs. Taylor's brother Mr. and Mrs. Robert Ascott and family, at a family gathering.

Mr. and Mrs. Harold Wollenhaupt and children Sunday at a family holiday gathering in the home of her brother Mr. and Mrs. Ray LaFrancis at Elmhurst Christmas day they were guests

of his parents Mr. and Mrs. Harold W. Wollenhaupt, Sr. at a family gathering in Flossmoore.

## LINCOLN ESTATES

The Girls' Arts and Crafts club of Lincoln Estates met Saturday with Mrs. G. S. McWhorter. Each member brought the gifts which they had made and these were judged by Mrs. Carol Newgren of Chicago and prizes were awarded, as follows:

Yarn octopus: Beverly Kluth, first prize and Barbara Kaehler, second.

Button boxes: Jane Chapman, first, Beverly Kluth, second.

Stamp boxes: Judy Wheeler, first, Rosemary Ritt, second.

Macaroni jewelry: Anne Cummings, first, Betty Chapman, second.

Trinket boxes: Karen Ritt, first, Shirley Kaehler, second.

Recipe clip: Dorothy Kluth, first, Jane Chapman, second.

The final prize for over-all excellence was awarded to Nancy MacDonald.

This year's gifts were the most attractive made by the club so far, and they also represented more ingenuity on the part of the club members. On two of the items, no specific directions were given for making them and these showed much originality. The club is dedicated to the creation of gifts using only the materials normally in the house hold and to promote the idea that ingenuity and creative talent can devise gift items which are priceless.

Hot chocolate and cookies were served; Christmas candles lighted and carols were sung.

Cub Scouts of den 5, pack 218, held their meeting in the John Cruise home Thursday afternoon. Members completed the Christmas cards they were making for their parents and relatives. A check was made of all things they planned to take to the Friday evening pack meeting.

### SCHOOL PARTY

Maue's students under the direction of their teachers, Mrs. Winifred Meinert and Mrs. Ronald Batozech, presented a fine program in the school Thursday evening for the entertainment of relatives and friends.

The program was: "Welcome", by Larry Bernard; Christmas with the "Old Woman in the Shoe" by grades one thru eighth. "Bird's Christmas Carol" 2nd thru 8th grades; solo, "Come All Ye Faithful", Robert Widmaier; "Grandmother's Christmas Story", grades two thru eighth; ac-

cordion duet, "Silent Night, by Billy Donovan and Marie Gawlik.

A large variety of cookies, which the mothers provided in generous amounts, were served during the social hour. Left-over cookies were saved for the Friday Christmas party which the teachers gave for the children at the school.

Christmas in Alpine was observed in traditional way by attendance at church and school programs, in family groups and gatherings. Everywhere there were gift exchanges and delicacies of every description. It was a very Merry Christmas.

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

And the shepherds returned, glorifying and praising God for all the things that they had heard and seen, as it was told unto them. (Luke 2:20.)

It seemed to the happy shepherds that the very stars were singing, each star an angel of the heavenly host. Mankind could never again doubt the good will of God toward them, for He had sent His own Son into the world for their salvation.

The birth of Christ was accompanied by a marvelous outburst of praise. Luke records five songs—the Beatitudes of Elizabeth, the Magnificat of Mary, the Benedictus of Zacharias, and later on, the Gloria in Excelsis of the angels, and the Ave Dimittis of Simeon.

Into the daily round, into the common life of these men and women came this outburst of song.

What was this but earth's prelude for the heavenly song, as all nations and people fall down before the Lamb in the midst of the throne and sing, "Salvation unto our God who sitteth on the throne, and unto the Lamb?"

## PRAYER

Lord, we thank Thee for the wonderful gift of Thy beloved Son, and for The redeeming love toward us. In the daily round of our lives inspire us with the joy of our salvation in Christ. In our Redeemer's name we pray. Amen.

## THOUGHT FOR THE DAY

The love of Christ in us brings heavenly joy into our hearts and lives.

## Marley Church to Conduct Attendance Drive Thru Easter

The Marley Baptist Community church will participate in the interdenominational World Wide church attendance movement. The theme of this movement is "THE ANSWER IS GOD; worship Him at church every week, worship Him at home every day."

The church attendance movement will start the first Sunday in January and continue thru Easter.

"We will try to make these services especially helpful and inspiring to the end that we may find God as the answer to our problems in our lives, in our homes and in our families," said the pastor, the Rev. Ray Hamer.

"How does God meet your needs? This is what we will seek to discover during this world wide church attendance movement. These services will start at 10:30 a.m."

"Will you not worship Him and thus receive the needed strength and help for these days of unrest?"

"Work is more than a way of earning a living—it's a way of keeping one's self respect!"

## CHRISTIAN SCIENCE CHURCHES

The ever-present power of the Christ, Truth, will be set forth at Christian Science services on Sunday, December 30.

The Lesson-Sermon to be read entitled "Christian Science" includes the following from Isaiah (52:10): "The Lord hath made bare his holy arm in the eyes of all the nations; and all the ends of the earth shall see the salvation of our God."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (55:15-21): "Truth's immortal idea is sweeping down the centuries, gathering beneath its wings the sick and sinning. My weary hope tries to realize that happy day, when man shall recognize the Science of Christ and love his neighbor as himself,—when he shall realize God's omnipotence and the healing power of the divine Love in what it has done and is doing for mankind."

loss of principal.

The First National Bank of New York in a recent study states "slow burning inflation has been the order of the day afflicting almost the entire world." The study goes on to state, "more and more competent observers believe this drift in prices will be with us for the rest of our lives."

The United States is not alone in this drift of the price structure. We are fourth. Switzerland stands first, the Swiss franc have fallen at the annual rate of 1.5 per cent since 1946.

In second and third place are Germany and India. Since 1946 their currencies have been depreciating at an annual rate of 3.4 per cent. It should be remembered that this currency depreciation is on a compound interest basis.

Britain and France rank in 10th and 12th place an annual rate of 4.6 and 6.5 per cent respectively.

Some of our political charlatans still belabor the old days when labor was considered purely as a commodity to be purchased in the market place at the lowest price. Today, the powerful labor unions are able to dictate wages, hours and working conditions of some of our major industries.

Industrialists are assuming that the power of these organizations is such that it does not pay to fight regardless of the equity of the demands. They merely "pay and pass on" the

increased labor costs. Where increases are faster than increased productivity, the difference is a borrowing from future productivity and a depreciation of purchasing power.

## Business and Finance

Maurice P. Angland

The year-end is traditionally the period when we take inventory of the past and try to forecast the future in so far as we think we might better our positions. Financial writers belabor the constant erosion of the purchasing power of the dollar with good reason.

A comprehensive forecast by the Prudential Insurance Co. for 1957, expects increased spending by business, government and consumer will carry the nations economy to another record high, but the report warns of the "serious dangers of inflation." The Prudential Insurance Co. has tried in its home state of New Jersey, to have the insurance investment laws changed to permit sale of annuities on which their value will be based on selected common stocks rather than fixed dollar obligations as mortgages, bonds etc. These annuities would be known as "variable annuities." Due to erosion of purchasing power of the dollar, fixed dollar annuity sales have decreased substantially. Financially, it is rather well known that about the only way to protect against erosion of the purchasing power of the dollar is the ownership of selected common stocks of or leading industries. They usually follow the purchasing power valuation.

A very large number of people are in the 20 per cent income tax bracket! If persons in this bracket invested a sum of money in 1946 in a fixed dollar obligation (savings account, bonds etc.) and reinvested the interest received, they would have to have obtained an interest return of 4.3 per cent just to stay even and avoid actual
